- Automatic software updates.

Frequently asked questions

How long is the cable from the cable dock to the touchscreen controller?

The diagram on slide 7 illustrates all cable lengths

Are the cables extendable?

The USB cables are not extendable. HDMI cable can be used if required.

StarLeaf Huddle is designed for Huddle rooms of up to 4 people. The GT Mini range is better suited to rooms larger than this

Can I use third party cameras and microphones with StarLeaf Huddle?

Third party accessories are not currently supported, however support is planned

Can StarLeaf Huddle be used with Pronto Cable USB?

Yes, Pronto Cable USB is included in the Huddle box

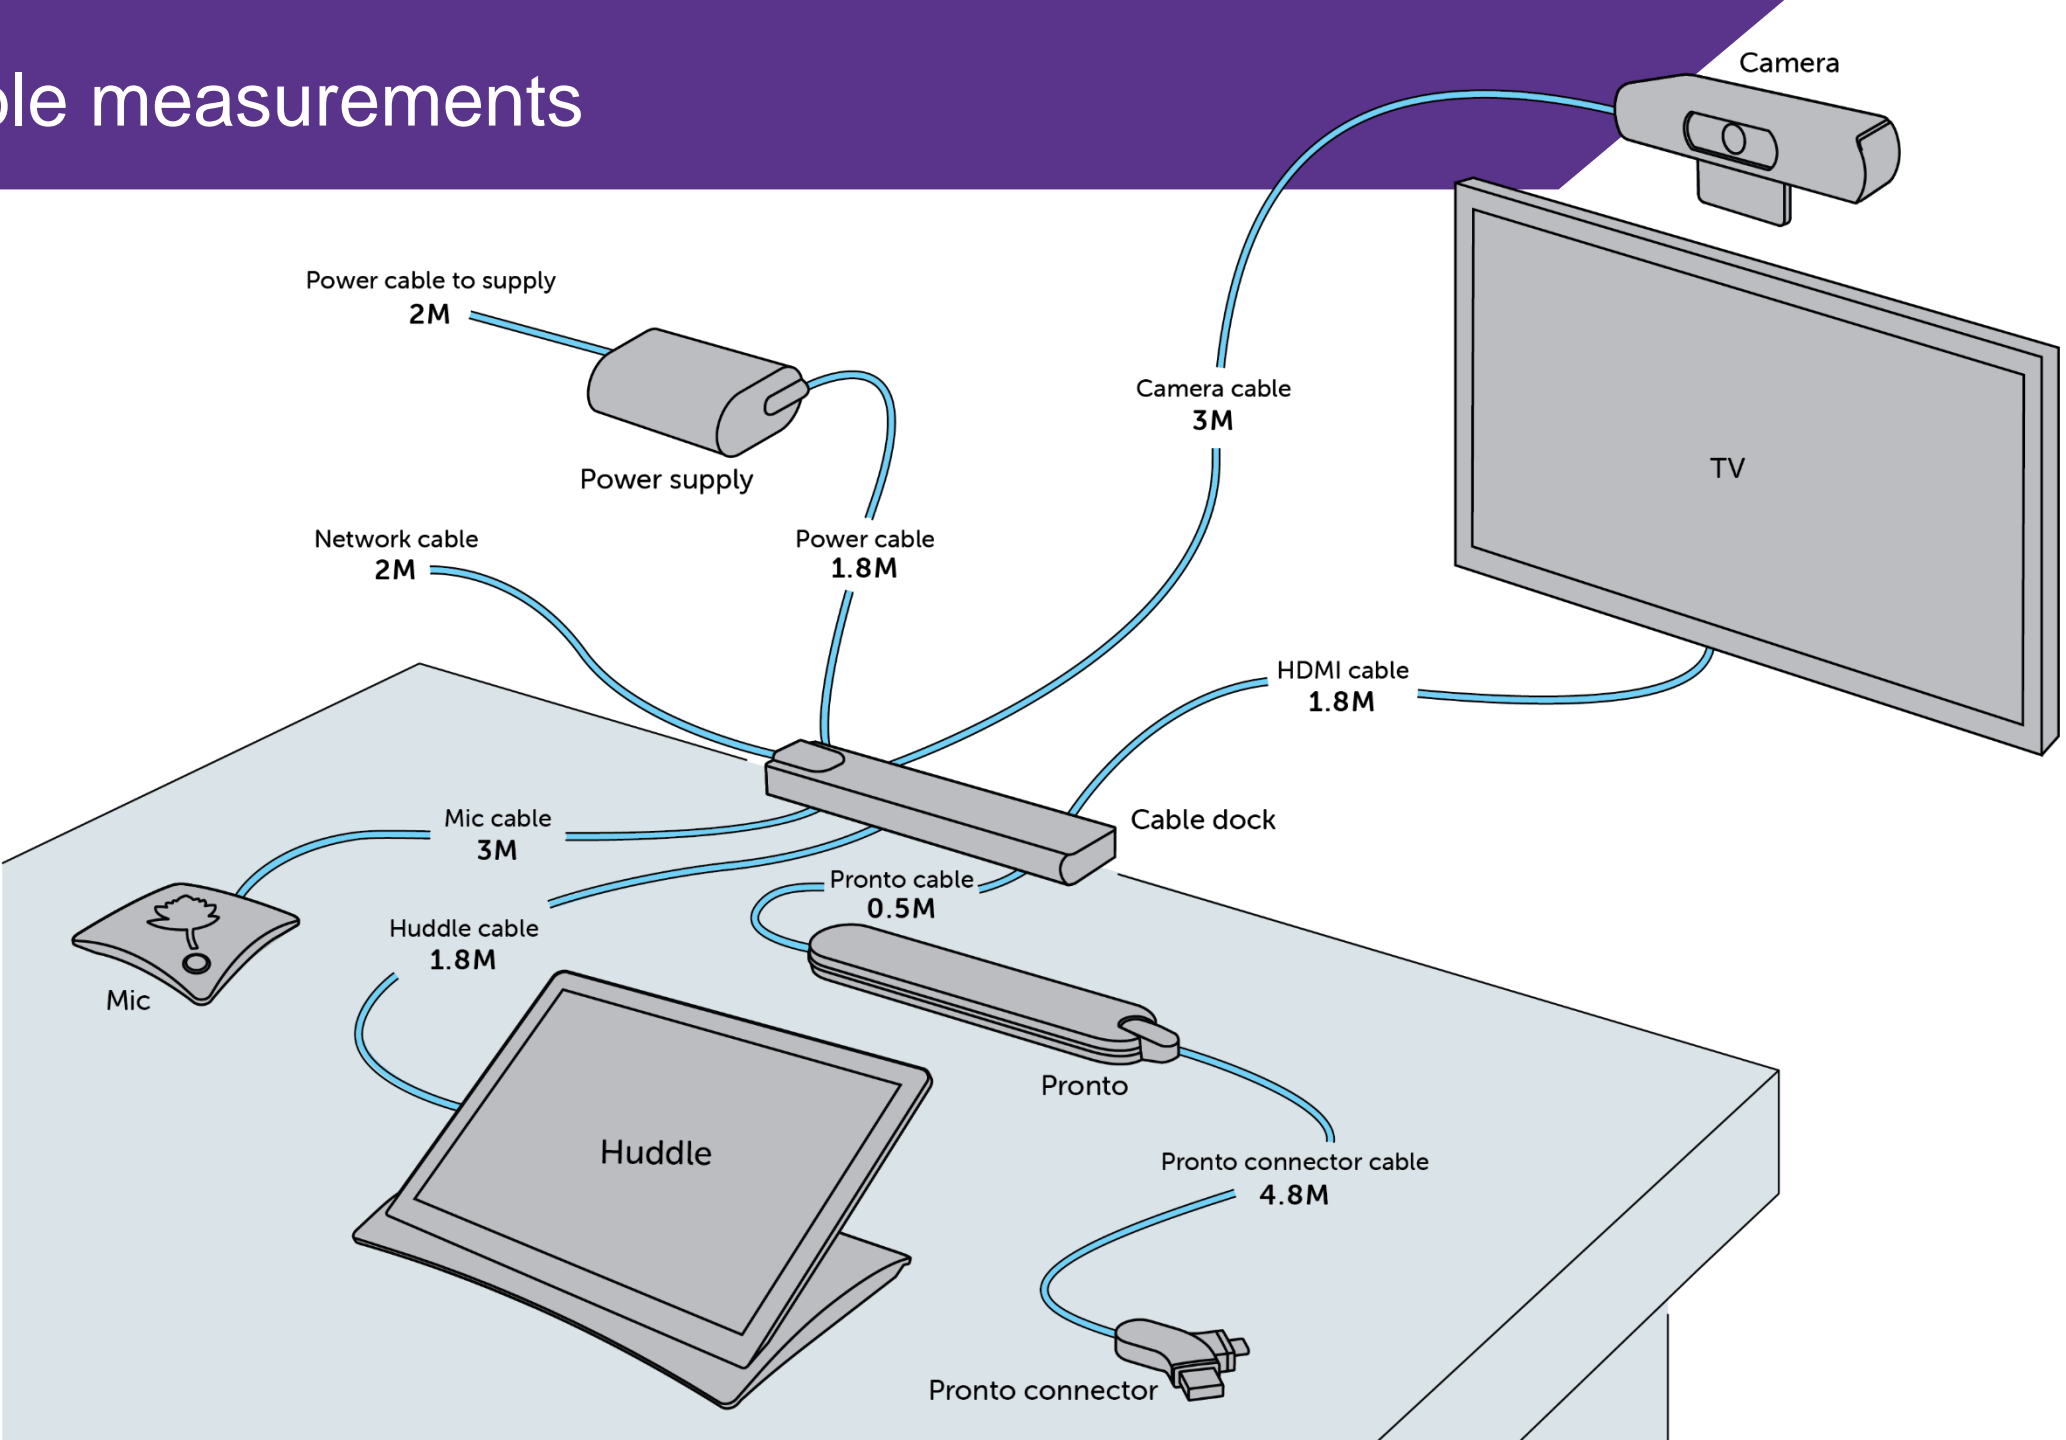

Does StarLeaf Huddle have an HDMI input?

No. StarLeaf Huddle ships with Pronto Cable USB for easy content sharing. Where HDMI input is required, StarLeaf recommends the GT Mini.

Is there an extra cost for StarLeaf Camera C10 and Pronto Cable USB?

No, they are both included in the StarLeaf Huddle price
