# Why AVer ?

## Innovative Market Leader

An award-winning provider of professional video conferencing solutions, AVer is devoted to developing innovative and stylish audiovisual collaboration solutions that enhance your business's productivity and increase your competitive advantage.

## World-Class Quality

Thanks to seamlessly integrated software and world-class video quality that match any type of meeting room, AVer is compatible with most cloud- and web-based conferencing applications and is also certified by Zoom and Google Hangouts Meet™. We are committed to improving integration for the best video conferencing experience available.

## Compatible Applications

Zoom, Microsoft® Teams, Skype for Business, Skype, RingCentral, Google Hangouts Meet™, Intel® Unite™, BlueJeans, V-Cube, Fuze, CyberLink U Meeting®, TrueConf, Adobe® Connect™, Cisco Webex®, LiveOn, GoToMeeting™, Microsoft® Lync™, Vidyo, vMix, WebRTC, Wirecast, XSplit

# USB Video Conferencing

## **The Perfect Video Solution for Any Meeting Room**

Using a USB video conferencing camera to connect teams is becoming commonplace for businesses all across the world. Aver's plug-and-play USB solutions are equipped with the best video quality and the latest smart functions, making them ideal for pairing with third-party software to supply your teams with the most effective collaboration.

# Huddle Rooms

## (Phone/Focus rooms)

Huddle rooms are built for one to five people and provide a creative space for brainstorming, video conferencing, and creative activities. The AVer CAM340+ and VB342+ are designed specifically for these rooms, providing instant remote collaborations with your team or clients.

### CAM340+

#### Conference Camera

##### Captures the Entire Huddle Room

- Premium video quality via Sony® 4K sensor
- Fit everyone into your meeting with a 120° FOV
- Built-in microphone provides clear audio for remote-end participants
- Freedom to collaborate anywhere

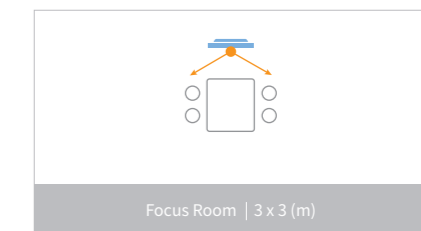

### VB342+

#### Video Soundbar

##### Captures the Room Intelligently

- All-in-one 4K video soundbar
- Fit your whole team in the room with a 120° FOV
- SmartFrame captures everyone
- SmartSpeaker instantly identifies speakers
- Constant clarity with True WDR

# Small Rooms

Small rooms are made to fit groups of five to seven people and are used as formal spaces for client presentations and company-wide meetings. The AVer VB342+ makes group video calls easier and more efficient, supplying exceptional audio and video quality for your business.

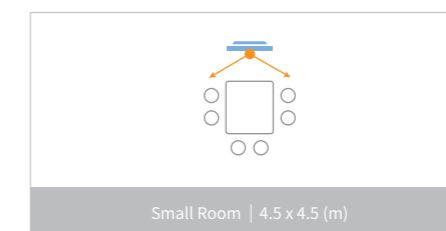

## VB342+

### Video Soundbar

#### Captures the Room Intelligently

- All-in-one 4K video soundbar
- Fit your whole team in the room with a 120° FOV
- SmartFrame captures everyone
- SmartSpeaker instantly identifies speakers
- Constant clarity with True WDR

# Medium-to-Large Rooms

Medium-to-large rooms are large, formal spaces for client presentations and company-wide meetings, ideal for groups of 8 to 24 people. AVer's CAM540, VC540, CAM520 Pro, and VC520 Pro deliver premium-quality cameras for the optimal video conference to give enterprises a clear competitive advantage.

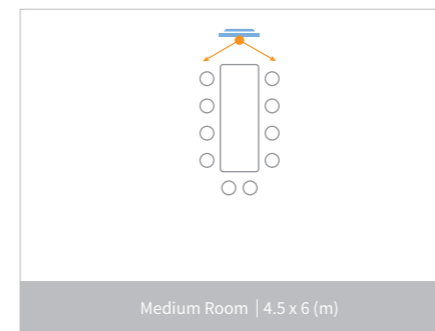

## CAM540

Conference Camera

Starts Your Meetings Efficiently

- Bring superior 4K quality to your meeting
- SmartFrame gets your meetings started fast
- Professional clarity via 16X Total zoom
- Make an impression with the CAM540's stylish design

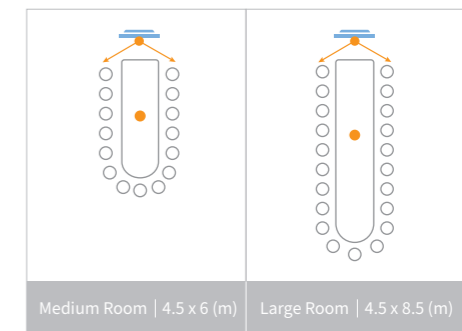

## VC540 (coming soon)

Conference Camera with Bluetooth® Speakerphone

Enables Superior Audiovisual Connections

- CAM540 4K camera
- Bluetooth® Speakerphone for wireless PC connection
- Daisy-chain two speakerphones
- Daisy-chain up to four microphones

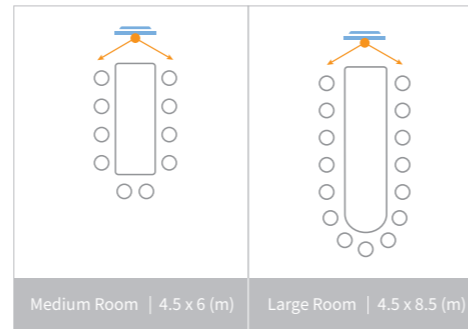

## CAM520 Pro

### Conference Camera

#### Presents Every Detail Crystal Clear

- Full HD 1080p/60fps
- See every detail clearly with a 12X optical zoom
- SmartFrame automatically captures everyone
- Meet in any lighting with True WDR
- IP access for remote camera control and live IP video streaming

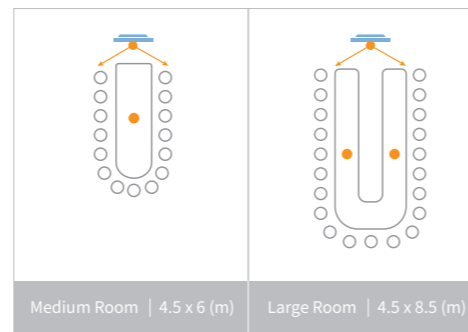

## VC520 Pro

### Conference System

#### Creates a Lifelike Audiovisual Experience

- Full HD 1080p/60fps
- Perfect audio for professional conferencing
- Expansion speakerphones/microphones (up to 40 m)
- SmartFrame Captures everyone in seconds
- Professional clarity via 12X optical zoom
- Hold meetings anywhere with True WDR
- IP access for remote camera control and live IP video streaming

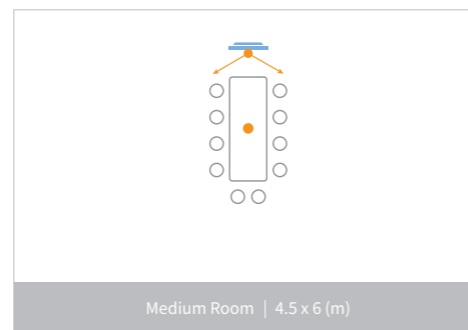

## VB342+

### Video Soundbar

#### Captures the Room Intelligently

- All-in-one 4K video soundbar
- Fit your whole team in the room with a 120° FOV
- SmartFrame captures everyone
- SmartSpeaker instantly identifies speakers
- Constant clarity with True WDR

Optional

- 10 m Expansion Microphone
- 20 m Expansion Microphone

## Free Collaboration Software Support

**EZManager** (Software must be installed on a Windows® PC. Users can access management web page from PC or Mac.)

- Intuitive central-management software
- Remotely manage group firmware/software upgrades
- Control and set group camera parameters
- Supports Chrome browser

### PTZApp

- Compatible with Skype for Business far-end control
- Upgrade firmware automatically or manually
- Control the camera
- Set parameters and adjust the camera image
- Diagnose operating status
- View live video

### EZLive

- Provides annotation, video recording, livestreaming, and image capturing

# Interactive Flat Panels

## All-in-One Touch Panels for Any Meeting Room

Take advantage of the advanced business productivity that comes with AVer Interactive Flat Panels. These all-in-one displays for enterprises are fully loaded with a 4K P-CAP touch panel, a Windows® 10 IoT Intel® i7-7700 Processor, and a 4K camera. It only takes one touch to share ideas face-to-face with anyone, anywhere.

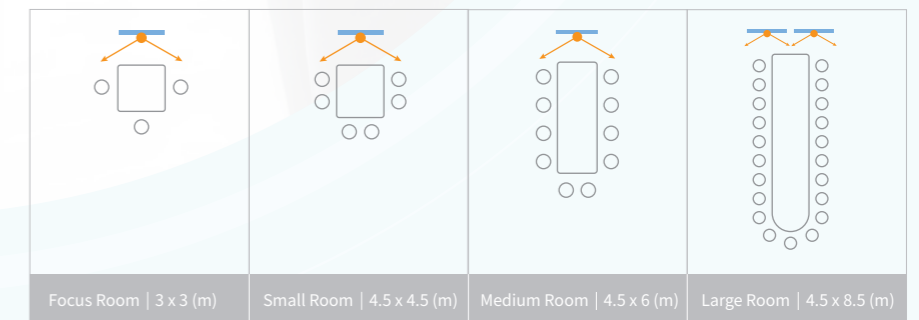

### EP65

#### All-in-One Touch Panels with Zoom Rooms

##### Offers All-in-One for All You Need

- Seamless multi-integration with Zoom Rooms
- Super easy installation—just plug in a single power cable
- Close collaboration via 4K P-CAP touch panel with 20 touch points
- Multifunctional to meet enterprise-level requirements
- Lifelike video conferencing with a Sony® Exmor™ 4K CMOS sensor and a 13-element mic array
- Versatile compatibility via H.323/SIP

# On-Premise Video Conferencing

## Powerful On-Premise Systems for Mid-to-Large Meeting Rooms

AVer's SVC and EVC Video Conferencing Systems provide an affordable on-premise H.323-based video calling experience and include codecs with all the necessary features built in.

# Endpoint Systems

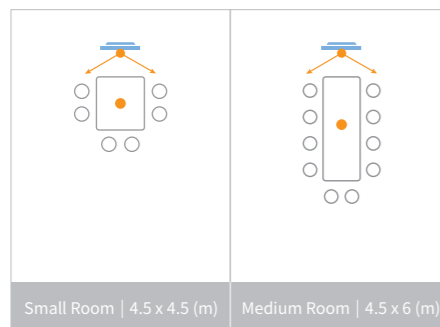

## EVC130

### Endpoint System

Delivers the Best Value in HD Video Conferencing

- Full HD 1080p
- Wide-angle HD with an 88° FOV
- Daisy-chain up to four microphones
- Cost effective for your business

Small Room | 4.5 x 4.5 (m) Medium Room | 4.5 x 6 (m)

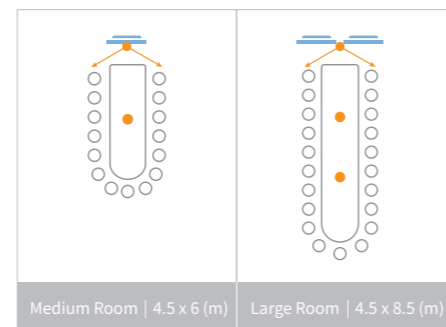

## EVC150

### Endpoint System

Focuses Your Meetings

- Full HD 1080p
- PTZ camera with an 18X total zoom
- Daisy-chain up to four microphones
- 100 camera presets

Medium Room | 4.5 x 6 (m) Large Room | 4.5 x 8.5 (m)

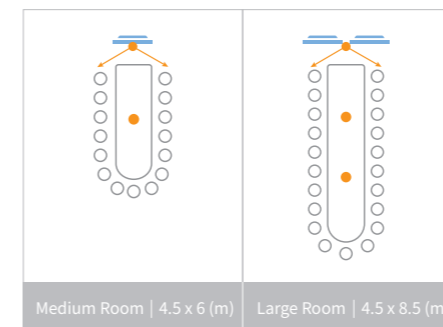

## EVC170

### Endpoint System

Diversifies Collaboration with a Built-In Meeting Server

- Full HD 1080p
- Focus your meeting with AVer SmartFrame
- Superior detail from an 18X total zoom
- Advancing video communication with a built-in meeting server
